Graduate Certificate in Homeland Security and Emergency Management

The Certificate in Homeland Security and Emergency Management is a 15-credit-hour program of study. The certificate program is flexible enough to be adapted to the needs of pre-career and in-service individuals. Graduate students in other disciplines can use the program to supplement their primary fields with course work in homeland security and emergency management, possibly using the certificate courses as part of a doctoral or master's degree minor. Career employees of public and private sector agencies seeking courses in homeland security and emergency management, especially those changing from professional or technical roles to managerial roles, should find the certificate program beneficial.

ADMISSION ELIGIBILITY

The student must have a bachelor's degree from an accredited college or university to apply.

APPLICATION

An online application and information may be obtained from the Web site <http://www.spea.iupui.edu/graduate/> ; materials are also available from the Graduate Program Office. Students should apply to the SPEA admissions office on the IUPUI campus. Students must pay a nonrefundable application fee.
